GIVE ME NATURE

Give me open fields on which to run,
Hills and grass to roll upon,
Tall trees that I may climb,
Give me nature 'til the end of time.

Grant me a teacher that will help me learn,
Friends filled always with love and concern,
Different races working for goals together,
Grant me a love to last forever.

Give me nature, grant me love for mankind,
Things that will add to my peace of mind.
Let city streets serve as your goad,
But place me upon my country road.

What does the title of the Northampton County yearbook mean?

The name Norcoian was selected by the student body of Northampton County High School in 1964 when its doors were first opened as a new school. The word is a coined one, using NOR from Northampton and CO from County. A name contest was held. Each student was allowed to enter as many names as he liked. From all the submitted entries, the title Norcoian was chosen to be used hereafter as the name of the Northampton County High School yearbook.

Dedication

Miss Mary E. Lassiter

Many people have made us what we are. Your constant interest and limitless patience have made you a friend rather than a superior. You as a person have given your time and advice without hesitation and most of all you cared.

You inspired, guided, and understood us, because through your personal interest and genuine concern you were an inseparable part of Northampton County High School . . . and thus, because Northampton County High School will always mean more to us for you having been identified with it, we dedicate the yearbook Norcoian of 1975 as a lasting mark of our due respect and affection for you.

Principal

Your Norcoian is a collection of memories which include the meeting of new people, the making of new friends, the participating in new activities, and the attending or playing of sports. It is the hope of the faculty and me that the memories for all Northampton County High School students will be happy and priceless. We would also like for each day at Northampton County High to bring the golden opportunity to assure those friendships and experiences which would enrich your future. We congratulate Mrs. Litchfield and the Norcoian staff for their work, time, and dedication which made this yearbook possible.

Sincerely,

Henry J. Campbell

Editors — in — Chief

Here is your Norcoian for 1975. With sincere appreciation for all the help everybody has given, we, your Norcoian Staff, present it to you, the students of Northampton County High School.

We have had many and varied experiences. Many times we have felt we were "burning the candle at both ends", but always there has been a comic relief to make us gay again.

In this book are the fruits of our honest endeavor to capture the incidents and personalities which has made our school what it is. On these pages appear our friends as they will live in our hearts; here, also, are recorded the events, which have strengthened and developed our characters.

It is the sincere desire of the staff that you will find recaptured in these pages experiences which have been a memorable part of your life during the past year at Northampton County High School.

Betsy,

I must confess. I have really enjoyed sharing your friendship. I will always remember you regardless of what happens between us. May peace and happiness be with you & Mike always. No matter what you two are wishing for, I hope you have the very best of everything. There's wishing you all the success in your endeavors, that you are striving for. Remain as you are and you'll reach the bed of roses you're dreaming.

Love,
